

Protecting our Patients & Staff
from **Airborne**
Viruses and Bacteria

A PROVEN TECHNOLOGY THAT RAPIDLY KILLS VIRUSES

WellAir's Novaerus portable air dis-infection units use non-selective, rapid killing, patented plasma technology, offering a unique and safe solution to **kill airborne viruses 24/7.**

Independently tested to reduce MS2 Bacteriophage, a commonly used surrogate for SARS-CoV (Coronavirus)

by **99.99%**

WellAir is on a mission to reduce indoor airborne pollutants to create living, working, and healing spaces that foster rather than detract from human health, productivity and wellbeing.
